## Arts & Crafts. A Heutink brand

For over a century, Heutink has brought craftsmanship and quality to educational materials. Reinier Willem Heutink founded the Netherlands-based family business in 1911. Today, Jessica Heutink (the third generation of the Heutink family) and her husband Henk Fokke, manage the Heutink Group as a multi-national distribution and manufacturing business with a forward-thinking global vision. Arts and Crafts is one of the brands distributed by Heutink International.

Heutink International worldwide designs, develops, produces and distributes the very best educational brands for pre-schools and elementary schools. In addition, we offer a wide range of carefully selected Art and Craft materials. With their price-quality ratio these materials enhance our educational brands because of their link with education. They are must-haves in the classroom because they meet children's needs for self-expression and creativity.

## Contact us

Our office hours are Monday to Friday from 8:00 am to 4:45 pm CET. During office hours our sales team is available to answer all your questions about products, delivery, orders, pricing or any other issues regarding the ordering process.

In our assortment we have included a range of our Heutink Private Label materials along with other big brands. The Heutink Private Label, which can be recognized by the red circle with the 'H', offers you all the Arts & Crafts resources you'll need at an affordable price, while the big-name brands complete the entire range.

### **An excellent price-quality ratio**

Our range of Arts & Crafts materials includes a carefully selected range with an excellent price-quality ratio. This makes them interesting for you.

It includes the same products you used to buy from us, but the assortment is smaller and for this reason more accessible.

### **Quality, safety & sustainability**

To further guarantee our children a safe and environmentally friendly world, we have chosen a wide selection of products that meets the standards of those requirements. By choosing products that are manufactured with regard for the environment Heutink International is doing its part in contributing to a better world for our future generations.

#### Finger paint - Heutink

The total finger-painting concept! Until now, finger paint was always sold in buckets, which resulted in children ending up with their little hands in the buckets. This creates the problem of colours becoming mixed and, also, the amount of bacteria in the finger-paint increases, which is not good for hygiene. That is why Heutink has developed a complete set of finger paints with each colour provided by the litre in a handy squeeze bottle. There are 8 magnificent colours, the paint is non-toxic and in the right spreadable consistency. In 1000 ml bottles.
